

PUNAHOU DRILL DISCUSSION TO BE DIRECT FIRE

Advocates and Opponents are Loaded With Arguments For Meeting Tonight

MEETING OF PUNAHOU PARENTS.
A meeting of Punahou parents will be held tonight in Punalu, Hall at 3 o'clock to discuss the question of the introduction at Punahou, as an experiment for the rest of the school year, of military instruction for the boys of the academy and of the four upper grades of the preparatory school. THE TRUSTEES OF THE OAHU COLLEGE.
By A. F. GRIFFITHS, President.

There is prospect of a lively meeting tonight at Punahou when the question of military instruction at Punahou will be before the parents for discussion. The trustees have thrown the question wide open, hoping to get at the meeting a presentation of the arguments for and against military instruction from every angle. President A. F. Griffiths will preside.

A vigorous opposition to its introduction has developed. Rev. Frank S. Scudder, Rev. A. A. Ebersole and James A. Rath are emphatic in their opinion that it would be unwise to adopt any form of military training at Punahou. One argument that they advance is that it will put the parents who are on principle opposed to military instruction in the unhappy position either of allowing their sons to do what they themselves do not approve of or submitting their sons to the humiliation of not being allowed to do what all the other boys are doing.

Most of the boys at the school earnestly wish to have military instruction, a petition to this effect having been signed by 88 out of 115 boys. Many of the boys who did not sign were not seen, so that the opposition is not because they are opposed to military instruction but because they were ignorant of the form in which it was to be required, fearing interference with athletics and other school activities.

A large number of parents are strongly in favor of making the experiment as proposed by the report of the committee. These will doubtless also be heard from at the meeting. The plan proposed by the trustees will be briefly set forth by President Griffiths and Capt. E. K. Massee, who will have charge of the instruction. If it is decided to give it, and then the meeting will be thrown open for general discussion.

The trustees will meet later in the week and decide the question. "I believe in military drill if there is force—real discipline—behind it," said Professor M. M. Scott, principal of McKinley high school, this morning.

"Unless there is force, unless the boys are made to know that disobedience means military penalties, the drill will be useless. Personally, I would favor a year of drill for every young man, carried out under the direction of the federal government, some time between the age of 17 and 21. It would make for industrial efficiency in this country if we had splendid military training for a year in youth."

PRESENCE OF MIND OF MOTHER SAVES BABY FROM DYING

Mrs. Mary Fernandez' presence of mind saved her rear-old baby from death yesterday morning, when a bottle of iodine, knocked from a shelf by the mother, fell on the baby's face and a large quantity was swallowed by the child. Mr. Fernandez lives at Nuuanu and Pauoa streets. Realizing that the baby had swallowed a mouthful of the poison, Mrs. Fernandez gave the child hot milk, and at once telephoned to the police station. Dr. R. G. Ayer, as soon as he reached the child, gave it another antidote, and it recovered quickly. The baby's face and throat are badly burned by the iodine, but the injuries are not serious.

Post Toasties are served direct from the packet with cream or milk, and sugar if desired—A breakfast favorite! Sold by Grocers and Stores.

SAYS LUSITANA PROTEST WAS NOT UPON WARRENITE

Head of Bitulithic Co. Claims Main Opposition Comes From Supervisor Larsen

"No objections have been made to warrenite or bitulithic as the material for the Lusitana improvement project on the part of the Lusitana residents," said J. A. Gilman of the Bitulithic Company this morning. "The article in Saturday's Star-Bulletin, stating that a change had been made because of opposition against warrenite pavement might give a wrong impression. The opposition was voiced not by the public, but by Supervisor Larsen."

"Previously an agreement had been signed by the governor, Superintendent of Public Works Forbes and Land Commissioner Tucker, for the territory, and Mayor Lane and City Clerk Kalaialani for the city, and it was then understood that warrenite would be used. Before Supervisor Shingle, chairman of the road committee, went to the coast, he told me that warrenite would be used and that work should begin within a short time—before he returned from the coast. Then came Supervisor Larsen's sudden opposition to warrenite and advocacy of concrete or asphalt-macadam."

"The Star-Bulletin referred today to the official minutes of the meetings, at which the Lusitana project was publicly discussed, the minutes being on file at the city clerk's office. No record is made of any oral protest as to the style of pavement to be used, but there is a written protest by four residents affected, who claim that the style called for in the original resolution, warrenite, is too expensive."

The minutes of the meeting of November 12 show that four property-owners signed a petition protesting against the "high price of \$3.19 per running foot" called for under the resolution. Also, that the protest is against "paying the large amount for the very expensive improvements required by Resolution 301," which, says the protest, "will mean the loss by many poor people of their homes through their inability to pay the exorbitant amount required."

Mr. Gilman says that the price at which warrenite is offered, \$1.70 a square foot and 15 cents a square foot extra for grading, with a five-year guarantee, will prove much cheaper in the long run than the asphalt-macadam.

"The objection of the property-owners as a whole," he maintains, "is not against warrenite, but against having to pay for the improvement under the frontage-tax law."

"Love as Personality Moulded Into Service" was the topic taken by Miss Helen Taylor in her talk at the Central Union church last evening. Miss Taylor, who is a member of the national board of the Y. W. C. A., showed a knowledge of her subject and her pleasing personality won her audience. Miss Taylor has spent a number of years in travel in various corners of the earth, and told the large crowd present of many incidents of social work done throughout many countries. She stated that the Y. W. C. A. had taken a great interest in the work of making better wives and mothers. The speaker stated that the work among the Japanese and Chinese in the Orient has been a signal success.

LEGAL NOTICES.

NOTICE OF INTENTION TO FORECLOSE AND OF SALE.
Under and by virtue of the power of sale contained in that certain mortgage dated April 22, 1912, made by W. H. M. Ayres of Honolulu, City and County of Honolulu, Territory of Hawaii, as mortgagor to Guardian Trust Company, Limited, a Hawaiian corporation, as mortgagee, which said mortgage is of record in the office of the Registrar of Conveyances, Honolulu, in Liber 361, pages 280-283, the undersigned mortgagee hereby gives notice that it intends to foreclose said mortgage and sell the mortgaged premises on account of the breach by said mortgagor of certain conditions and provisions in said mortgage contained, to-wit: The non-payment when due of the principal and interest moneys secured by said mortgage.

Notice is hereby likewise given that the certain lot, piece or parcel of land conveyed by said mortgage will be sold by and at public auction at the auction rooms of James F. Morgan Company, Limited, auctioneer, at 131 Merchant Street, Honolulu, Territory of Hawaii, on Tuesday, the 25th day of January, 1916, at 12 o'clock noon.

The property conveyed by said mortgage and which is to be sold as aforesaid consists of the following: "All that certain lot, piece or parcel of land situated in Kaimuki, Honolulu, City and County of Honolulu, Territory of Hawaii, known and designated as Lot No. 22 in Block B of the 'Minton Tract' and shown and delineated on a map or diagram of said Minton Tract of record in the office of the Registrar of Conveyances, Honolulu, in Liber 256, on Pages 514-515; the said Minton Tract being a subdivision of Blocks Nos. 21 and 22 of the Kaimuki Tract as shown on a map of said Kaimuki Tract of record in the office of the Registrar of Conveyances, Honolulu, in Liber 197, Page 294."

Also all the buildings and improvements located thereon.

Terms: Cash. United States gold coin, used at expense of purchaser. For further particulars apply to Smith, Warren & Sutton, attorneys for the mortgagee, Bank of Hawaii Building, Honolulu, or to James F. Morgan Company, Limited, auctioneer, Honolulu, 131 Merchant Street.

Dated at Honolulu, Hawaii, December 20, 1915.

WARDELL MUST PAY COSTS IN DAMAGE ACTION

Various and sundry local costs in the \$5000 damage suit brought by Farm Corn, local Chinese interpreter and real estate man, against Justus S. Wardell, surveyor of customs of San Francisco, last September, will have to be paid by the latter, according to Federal Judge C. F. Clemons, who today handed down an order in the matter. The original suit was filed in circuit court, but was remanded by Circuit Judge Stuart to the U. S. court.

Judge Clemons' order reads as follows: "It appearing that the defendant (Wardell) has not made deposit for costs as required by rule 12 of this court as amended, it is hereby ordered that the defendant do make such deposit, to-wit, \$20, within one month from this day, and that his attorney, Jeff McCann, do forthwith notify him of this order."

A former chief yeoman in the navy has sent Secretary Daniels \$6 to pay for stationery appropriated to the man's own use during his term of office and stationery of the navy. "Edu Garibaldi," son of Gen. Rieotti Garibaldi, and grandson of the great Garibaldi, has been severely wounded in the face during the fighting with the Austrians.

Fire destroyed about 12,000 bales of cotton at Pine Bluff, Ark., at a loss of \$1,250,000.

Sachs for Dry Goods

Pure Pasteurized Milk and Cream

The Board of Health and Board of Supervisors about five years ago agitated the pure milk question, bringing about the passage of a law such as is in force in all Eastern cities, and demanding that all milk and cream retailed in Honolulu be treated with modern methods, thereby insuring safe milk and cream regardless of tuberculosis or unknown sickness among dairy herds.

Honolulu Dairymen's Association, Ltd., invested heavily in modern machinery and, at a heavy loss to dairymen, practically eradicated tuberculosis from their herds. This was due to the continuous efforts of the Board of Agriculture, Mr. P. M. Pond and Mr. Paul R. Isenberg.

California dairymen are more fortunate; they are not compelled to have clean herds, therefore throughout California there are lots of dairies with cows that would not pass the tuberculosis test.

You can secure safe, tuberculosis tested and pasteurized milk and cream from the Honolulu Dairymen's Association just as cheap as from dairies that have no means of pasteurizing their product.

Call up 1542 or 4676 for cream testing 40% and Jersey or baby milk from cows that are guaranteed to be perfectly cleanly milked.
